City of Salisbury to Temporarily Close Travel Lanes to Install Holiday Lights

Salisbury_North Carolina_October 22 – The City of Salisbury may temporarily close travel lanes adjacent to the median for eastbound and westbound directions on East Innes Street, between Long and Lee Streets as crews work to install holiday lights in the medians on this section of roadway. If necessary, lane closures will begin after 6:00 p.m. on Wednesday, October 24 and may continue each evening through Friday, October 26.

Slight traffic delays are expected while traveling through this area. Work will be completed by 3:00 a.m. each morning during this time frame, at which point travel lanes will reopen and normal traffic patterns will resume.

Holiday wreath decorations will be installed at a later date in the downtown area and will be installed throughout the evening hours in an effort to eliminate any inconvenience to downtown businesses and patrons. Temporary lane closures are expected with these installations as well, with details forthcoming.

Inquiries regarding these temporary lane closures may be directed to Traffic Operations Manager, Wendy Brindle at (704) 638-5269.

The City of Salisbury is an equal opportunity employer with over 180 different job classifications and more than 400 full time positions.
