Subject: ADDENDUM 2  
Request for Proposals to Purchase the Plaza Building  
Tour Clarification

Addendum 1 established additional tours of the Plaza available by appointment the week of December 5 through 9, 2022. We have had a request from an interested party to bring contractors/inspectors in for review of the building during the tour week. Please note that the City will allow this if interested, but need prior notice so that access can be granted to specific areas. Please coordinate this through the Engineering Department at 704-638-5200.
