VIOLINS OF HOPE DAY  ARBOR DAY
April 7, 2012  April 15, 2012

Mayor Woodson recognized Ms. Linda Jones and Mr. Tom Wolpert from the Salisbury Symphony Guild to address Council regarding the Violins of Hope concert.

Mr. Wolpert stated Salisbury is the smallest City in the nation to host the Violins of Hope Concert and one of only two places in North and South America. He explained in 1996, Israeli master luthier Amon Weinstein began to locate and restore violins from the Holocaust. He indicated the violins are precious artifacts from one of the greatest tragedies in human history. He noted some of the violins were played by Jewish prisoners in Nazi concentration camps and others were from the musical culture of the era that was all but lost.

Mr. Wolpert stated the 18 violins will be exhibited in Charlotte, North Carolina. He noted one of the violins will be brought to Salisbury, Saturday, April 7, 2012 and played at a concert at Catawba College’s Owake-Dearborn Chapel. He explained Mr. Weinstein will speak at the concert and Mr. David Russell, the Anne R. Belk Distinguished Professor of Music at the University of North Carolina at Charlotte, will play the Violin of Hope with music from the movie Schindler’s List. He indicated the concert is free and open to the public.

Ms. Jones thanked Mr. Wolpert and Ms. Karen Alexander for their work to allow Salisbury to be included and to participate in this special event.

LAND DEVELOPMENT DISTRICT MAP AMENDMENT CD-02-2012 ROWAN HELPING MINISTRIES HOMELESS SHELTER

(a) Senior Planner Trey Cleaton addressed Council regarding rezoning approximately three acres and establishing a new conditional district overlay to permit the development of a 31,507 square foot homeless shelter for Rowan Helping Ministries.

Mr. Cleaton displayed a site map and noted the proposed location for the new homeless shelter in the 200 block of North Long Street. He explained the location is approximately three acres and includes 17 parcels. He reviewed a site plan and pointed out the location is across the street from the existing homeless shelter.

Mr. Cleaton indicated the current base zoning consists of:

- Neighborhood Mixed-Use (NMX)
- Urban Residential (UR8)
- General Development – A District (GD-A Overlay District)

Mr. Cleaton explained NMX is intended for neighborhood scale mixed-use areas in existing neighborhoods, and UR8 is an urban residential zoning class that allows up to eight units per acre, and a variety of housing types. He noted the proposed Conditional District (CD) Overlay area is in a GD-A Overlay District.
Mr. Cleaton explained there are two parts to the petition:

- Base District Rezoning - NMX and UR8 to be rezoned
  - To Corridor Mixed-Use (CMX) and Residential Mixed-Use (RMX)
  - Staff is requesting removing the GD-A Overlay from the CD boundary

- To establish a new CD Overlay to allow for a 31,507 square feet homeless shelter

Mr. Cleaton displayed the overall site plan. He noted the CMX district will allow for a group care facility and due to the commercial building type, CMX works best for the parking location and flexibility in building design. He stated the RMX district will allow Rowan Helping Ministries to build residential type structures not permitted in the CMX district. He stated Rowan Helping Ministries intends to keep the single-family homes and residential lots and use the homes as transitional housing. He pointed out the landscape buffer between RMX and CMX accommodated the proposed site plan.

Mr. Cleaton reviewed the CMX/RMX-CD Uses:

- Proposed Permitted Uses:
  - Single-Family and Multi-Family dwellings up to four units per building, Home Occupation Business (RMX, CMX)
  - Group Care Facility (more than 6 residents), or Medical Clinic (CMX)

- Proposed Prohibited Uses:
  - All other Permitted Uses (Permitted (P), Permitted with Standards (PS), Special Use Permit (SUP)/CD)
  - If adopted, a CD Amendment would be required to change the list of permitted uses

Mr. Cleaton reviewed the Conditional District Overlays:

- Floating Overlay District that exempts specific Ordinance provisions
  - Encourages innovative site and building design
  - Petition and Master Plan

- Conditions that may be added
  - Recommended by Planning Board
  - Adopted by City Council
  - Must be agreed-upon by petitioner
Mr. Cleaton noted the chapters of the Land Developments Ordinances that refer to alternative design methods for the proposed homeless shelter. He stated an alternative design has been submitted for the building design standards and parking standards. He explained the alternative design for the building design standards raises the window heights along North Long Street to allow for privacy in the women’s dormitory. He noted the current parking standard requires 63 parking spaces based on the square footage of the finished floor area. He pointed out to better serve Shelter residents an alternate design has been submitted that reduces the number of parking spaces to 53 taking into consideration that most Shelter residents do not own automobiles.

Mr. Cleaton reviewed the Alternate Design Available to CD:

- Industrial Standards of Chapter 2
- Building Orientation to Street/Recreation Open Space
- Building Materials
- Building Design Standards
- Building Dimensional Standards
- Street Cross Sections
- Street Connectivity and Stub Standards
- Parking
- Private Lighting

Mr. Cleaton reviewed the Vision 2020 Comprehensive Plan in regards to the proposed Homeless Shelter:

- Policy C-3: New development in or adjoining an older commercial area should be compatible with existing desirable development within its vicinity. Compatibility criteria shall include size, scale, massing, fenestration, rhythm, setback, materials, context and landscaping

Mr. Cleaton noted the proposed site borders the Park Avenue Neighborhood which has a Strategic Redevelopment Plan:

- Study District 2-Long Street Corridor: Comprises a group of commercial and light industrial buildings, as well as some older houses
  o Recommends streetscape and traffic calming improvements (specifically at Long Street and Council Street)
  o Recommends renovation of existing homes along North Long Street into professional offices
  o Staff does not find this development proposal to be inconsistent with the plan

Mr. Cleaton referenced the Planning Board recommendation from March 13, 2012:

- Unanimously recommend that the petition is consistent with the Vision 2020 Plan and not inconsistent with the Park Avenue Neighborhood Plan. Recommended approval of base rezoning and amending the Conditional District Overlay to permit the development (9-0)
(b) Mayor Woodson convened a public hearing, after due notice thereof, to receive comments regarding Land Development District Map Amendment CD-02-2012.

Mr. Chris Bradshaw, Chairman of Shelter Ministries, and Mr. Pete Bogle, Architect with Ramsey, Burgin, Smith, addressed Council regarding the proposed homeless shelter. Mr. Bradshaw indicated he is in favor of rezoning for the new homeless shelter.

Mr. Bogle noted the new homeless shelter is a very exciting project. He explained the building is designed to be highly sustainable and will incorporate many earth friendly amenities making it a Leadership in Energy and Environmental Design (LEED) certified building. He noted the new homeless shelter will be an anchor to the community. He pointed out the CD requests a 40 percent transparency requirement along the front of the building. He requested the transparency be reduced to 20 percent since the living quarters are in the front of the building. He noted the window height of thirty inches above the floor will need to be altered to meet privacy needs, and he pointed out Rowan Helping Ministries will not need display windows. He explained the Shelter will provide excess bicycle parking that will be useful to residents. He stated all other LDO requirements are being met.

There being no one else present to address Council, Mayor Woodson closed the public hearing.

Councilmember Kennedy stated he is very excited, and he supports the project. He noted it will clean up the area and help the homeless population.

Mayor Woodson agreed with Councilmember Kennedy and added it will be a nice asset to the community.

Councilmember Blackwell noted the new homeless shelter is needed, and she supports the project.

Councilmember Miller stated he looks forward to seeing the new facility.

Ms. Blackwell stated the City Council hereby finds and determines that adoption of an Ordinance to rezone the property as described herein and to establish a Conditional District Overlay is consistent with the goals, objectives, and policies of the Vision 2020 Comprehensive Plan, is not inconsistent with the Park Avenue Neighborhood Strategic Redevelopment Plan, and that adoption of the Ordinance is reasonable and in the public interest. Thereupon, Ms. Blackwell made a motion to adopt an Ordinance amending the Land Development Ordinance and the Land Development District Map of the City of Salisbury, North Carolina, by rezoning 17 parcels that total approximately three acres from Neighborhood Mixed-Use (NMX) and Urban Residential (UR8) base districts to Corridor Mixed-Use (CMX) and Residential Mixed-Use (RMX), to remove a portion of the General Development-A overlay from the petition area boundary, and to establish a conditional district overlay to permit the development of a 31,507 square foot Homeless Shelter; identifying the development documents; identifying permitted uses: providing an effective date; and for other purposes. Ms. Klutz seconded the motion. Messrs. Kennedy, Miller, and Woodson, and Mses. Blackwell and Klutz voted AYE. (5-0)
AN ORDINANCE AMENDING THE LAND DEVELOPMENT ORDINANCE AND THE LAND DEVELOPMENT DISTRICT MAP OF THE CITY OF SALISBURY, NORTH CAROLINA, BY REZONING 17 PARCELS THAT TOTAL APPROXIMATELY THREE ACRES FROM NEIGHBORHOOD MIXED-USE (NMX) AND URBAN RESIDENTIAL (UR8) BASE DISTRICTS TO CORRIDOR MIXED-USE (CMX) AND RESIDENTIAL MIXED-USE (RMX), TO REMOVE A PORTION OF THE GENERAL DEVELOPMENT-A OVERLAY FROM THE PETITION AREA BOUNDARY, AND TO ESTABLISH A CONDITIONAL DISTRICT OVERLAY TO PERMIT THE DEVELOPMENT OF A 31,507-SQUARE FOOT HOMELESS SHELTER; IDENTIFYING THE DEVELOPMENT DOCUMENTS; IDENTIFYING PERMITTED USES; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

(The above Ordinance is recorded in full in Ordinance Book No. 23 at Pages No. 12-15, and is known as Ordinance 2012-11.)

Mayor Woodson thanked all the citizens and City staff for their work on the project.

- Early One Stop voting begins April 19, 2012, therefore political signs can be placed in the right-of-way on State Highway system roads beginning March 20, 2012
- Election Day is May 8, 2012 therefore political signs can be placed on private property beginning April 10, 2012

- City of Salisbury Code Enforcement (704) 216-7559
- Rowan County Board of Elections (704) 216-8140

Mayor Woodson stated there is confusion regarding the political signs that have been placed within the City limits for the current election. He explained due to the confusion he did not think the signs should be removed. He noted some large signs will need to be taken down, and he asked Mr. Branham if the large signs have been addressed. Mr. Branham stated he has made phone calls regarding the signs he is aware of.

City Manager Doug Paris asked Community Planning Services Director Joe Morris to address Council regarding the legislative standpoint. Mr. Morris noted the City’s Ordinance was straight forward until the State imposed a different level of regulation that is enforced by the NCDOT. He noted NCDOT is responding on a complaint basis. He pointed out the signs will be legal in six days, and unless the signs are obstructing views, he did not think the City should be aggressive. He indicated Mr. Branham will share information from NCDOT if complaints are received.

Councilman Kennedy thanked Mr. Branham for the update. He stated the State and City Code should be similar regarding political signs. He requested staff update Council before the November elections.

Councilmember Miller noted some roads are maintained by both the State and the City, adding to the confusion. He asked if the situation could be improved.

Mr. Morris stated amendments to the Sign Ordinance come through the Planning Board and the Community Appearance Commission (CAC). He recommended committees from the Planning Board and the CAC collaborate on this. He noted the City Code is more restrictive due to the higher aesthetic quality in the City.

Councilmember Miller asked if the City must enforce State Ordinances over City Ordinances for state-maintained roads within the municipal boundary. Mr. Morris stated that is correct.

Councilmember Blackwell noted before City elections, all candidates are invited to a meeting with detailed information regarding the City. She added candidates are educated regarding the Sign Ordinance and given the Ordinance in writing, with illustrations and detailed information. She asked if Rowan County provides this type of training to County candidates.

Mr. Morris noted he did not think the training is done in the same format, but instructions are provided at the Board of Elections. He indicated the City needs to do a better job communicating with the Board of Elections, and he suggested providing documentation and photo illustrations of the City Sign Ordinance to the Board of Elections.

Mr. Jury thanked Council for the opportunity to lead Fibrant. He noted he is excited about the future, and he explained Fibrant will be an asset in attracting new businesses. He noted following his 30-day evaluation, he hopes to reveal a 100-day plan that demonstrates his plan for Fibrant.

Mayor Woodson welcomed Mr. Jury to the City. He stated he is excited to see Mr. Jury lead Fibrant to the next level.

Councilmember Miller stated he is pleased to meet Mr. Jury. He stated communication will be the key to his success. He encouraged Mr. Jury to communicate often with Council and the community.
