**PUBLIC COMMENT**

Mayor Alexander opened the floor to receive public comment.

Ms. Lauren Alexander-Persse, Project Director of YSUP Rowan, requested Council reflect on the impact the proposed Social District could have on the youth. She suggested limiting social district consumption hours at Bell Tower Green until after 5 p.m. when children are least likely to be present and not allowing the use of clear cups.

Ms. Whitney Peckman addressed Council regarding the proposed Salisbury Social District and requested Council approve the Social District for a trial period of six to nine months.

There being no one else to address Council, Mayor Alexander closed the public comment session.

**LAND DEVELOPMENT DISTRICT MAP AMENDMENT CD-07-2021**

This item was postponed.
DOWNTOWN SALISBURY SOCIAL DISTRICT

Downtown Development Director Sada Stewart Troutman and DSI Board Member Samantha Haspel addressed Council regarding the proposed Downtown Salisbury Social District. Ms. Troutman pointed out Ms. Haspel helped lead the task force that explored the feasibility of a social district in downtown.

Ms. Haspel stated a social district is a specific area where alcoholic beverages are allowed in open containers on the street. She explained the law was written during the pandemic to increase economic vitality by bringing people downtown and creating a revenue source for local businesses. She noted a geographic zone must be established and a map of the zone must be filed with the Alcoholic Beverage Control (ABC) Commission. She pointed out special cups that state where the alcohol was sold are required and the cups must be no larger than 16 ounces and marked “Must be 21-please drink responsibly”. She added the district must be marked with visible signs and sanitation, safety, and public health must be adequately addressed.

Ms. Troutman indicated the proposed social district would encourage growth in the Municipal Service District (MSD). She explained the Downtown Salisbury Social District would be jointly managed by Downtown Development, the Police Department, and Public Works.

Ms. Haspel stated any permanent ABC establishment is allowed to serve drinks to go provided they abide by the rules and regulations of the ABC and the social district. She pointed out establishments are not required to participate and non-ABC permitted establishments do not have to allow the social district cups in their businesses. She noted participating businesses would be required to sign-up with Downtown Salisbury, Inc. (DSI) to make sure each business understands the law, their responsibility, and to coordinate promotional and operational materials and information. She added all other permits and regulations still apply to serving and selling alcohol and placing tables and chairs on the sidewalk.

Ms. Troutman reviewed the proposed social district boundaries which encompasses most of the MSD. She explained the proposed district does not cross the railroad tracks on its eastern boundary and it does not include the Rowan Public Library. She noted Bonaparte’s, a new restaurant, tavern, and wedding venue, has requested to be included in the proposed social district. She pointed out Bonaparte’s is located at 619 South Main Street, two blocks outside of the MSD.

Ms. Troutman explained the proposed Downtown Salisbury Social District would operate from 12:00 p.m. until 12:00 a.m. Sunday through Thursday and from 12:00 p.m. until 2:00 a.m. on Friday and Saturday. She pointed out the Bell Tower Green Park would operate as part of the social district from 5:00 p.m. until closing Sunday through Saturday and would be excluded from the district during special events.

Ms. Haspel stated state law requires the drinking containers prominently display the social district logo that is unique to the district and the trademark or logo of where the alcohol was purchased. She commented the cup would also state the name of the person purchasing the drink, as shown on their identification, and the date and time of the purchase which would address underage drinking concerns. She noted the cup is see-through and meets recycling standards.
Containers will be purchased by ABC permitted establishments
  o Bars and Restaurants have agreed to pay for the cups
Social district containers may not be carried into non-participating businesses
Any ABC-permitted establishment shall not allow a person to enter or reenter its
premises with an alcoholic beverage not sold by the permittee
A person shall dispose of any alcoholic beverage prior to entering another business that
sells alcohol and prior to exiting the social district
A person shall engage in the social district during the hours and within the boundaries
set by the City

Ms. Haspel added it has been suggested that patrons make a donation for the cups and the
money then be donated to YSUP Rowan to maintain its youth anti-drinking campaign. Ms.
Troutman noted there will be no budget request regarding the social districts. She stated the
merchants think the proposed social district will benefit their businesses and are willing to take on
the costs. She reviewed the departments that would be impacted by social districts:

  Downtown Development would help manage the social district
  Public Works would provide staff support with recycling and trash
  Police Department would enforce the social district
  Parks and Recreation is supporting through management of Bell Tower Green Park
  Communications would provide promotional support and create the logo
  Engineering would work with NCDOT
  Finance would help with budget information

Ms. Troutman noted during the public engagement sessions questions were received
regarding security and enforcement. She stated staff has spoken to Chief Stokes and other
communities who implemented social districts and it does not believe there will be an increase in
crime related to the social district. She explained there will not be a designated downtown police
officer, but enforcement of laws and regulations will be handled by the Police Department.

Ms. Troutman indicated Public Works provides sanitation services within the social district
boundaries. She pointed out receptacles are located within the social district boundaries and ABC
permitted establishments within the district are required to provide receptacles at their door. She
added marketing and promotion will be provided by DSI and the City in collaboration with
participating businesses.

Ms. Hapsel reviewed cities in North Carolina that are considering social districts. Ms.
Troutman reviewed the social district rules adopted by Kannapolis and Norwood. Ms. Hapsel
added she has spoken to people from cities that implemented social districts and the consensus has
been they have not seen an increase in crime, and the social districts have increased revenue
streams without creating an extra burden on the cities.

Ms. Troutman stated she met with YSUP Rowan, Rowan Helping Ministries, Rowan
Public Library, the Bell Tower Green Board, the Parks and Recreation Advisory Board, the
Community Appearance Commission, and the DSI Board who offered constructive feedback that was implemented into the plan. She pointed out the most frequently asked questions were about enforcement and if a person could bring their own alcohol.

Ms. Troutman requested Council consider the boundaries of the social district and the hours of operation as proposed. She added the businesses see the proposal as a privilege and understand they must follow the rules and regulations. She then requested Council consider setting a public hearing for its March 15, 2022 meeting regarding the adoption of a Downtown Salisbury Social District.

Councilmember Post asked if there will be a trial period for the social district. Ms. Hapsel stated she is not suggesting a trial period. She clarified she is suggesting the task force and Council meet a few months after the district is implemented to review its progress.

Councilmember Post asked for clarification regarding the cups. Ms. Hapsel explained the cups will be purchased in bulk by the merchants. She added each merchant will purchase stickers with their personal business logo. She stated each cup will have two stickers: the social district sticker and the sticker indicating where the alcohol was sold.

Councilmember Post asked about the recycling containers. Ms. Troutman explained the bars and restaurants must have a receptacle that they will purchase at the door of their business. She noted if a patron has a cup from one establishment they cannot take it into another establishment that serves alcohol.

Councilmember Post asked how much the social district will cost the City. Ms. Troutman noted staff has spoken to each department and to other cities who indicated the proposal will not place an extra burden on staff.

Councilmember McLaughlin stated social districts are a creative way of generating revenue for small businesses. He pointed out the proposed boundaries for the social district are near neighborhoods and churches and children will observe adults buying alcohol at the park. He noted he likes the idea, but he does not know if the entire proposed district is needed in the beginning. He commented the previous Council indicated it would like to start small, and he thinks that is a good idea. He stated he would like to see the district reduced to a limited area and from there determine the cost to the City.

Councilmember Smith asked if other municipalities used a trial period when implementing their social district. Ms. Troutman noted Greensboro, Norwood, and Kannapolis did not have a trial period, but Greensboro had a delay between approval and implementation.

Ms. Hapsel noted a smaller map was originally proposed and staff thought it was confusing. Ms. Troutman stated Council will have final approval of the map and hours of operation.

Mayor Pro Tem Sheffield commented a great deal of work has gone into the proposal. She stated she attended some of the sessions, and she pointed out Council’s decision regarding the proposal could be reversed. She suggested revisiting the maps. She indicated the task force
listened to concerns and came back with solutions, suggestions, and partnerships that do not encourage underage drinking, but encourage patrons to spend more time downtown and support the local businesses.

Mayor Alexander stated she likes the idea of reviewing the boundaries and including the Napoleon Bonaparte house as it is redeveloped into a restaurant and wedding venue.

Thereupon, Mayor Pro Tem Sheffield made a motion to set a public hearing for March 15, 2022 to receive public comment on the proposed Downtown Salisbury Social District. Mayor Alexander, Mayor Pro Tem Sheffield, and Council members McLaughlin, Post, and Smith voted AYE. (5-0)

**CONTRACT – ATLANTIC COAST CONTRACTORS, INC.**

Salisbury-Rowan Utilities (SRU) Director Jim Behmer pointed out the Sanitary Sewer Rehabilitation Project is part of ongoing efforts to reduce inflow infiltration in the SRU wastewater system. He noted Atlantic Coast Contractors, Inc. is specialized in the type of construction needed for the project and has completed City projects in the past with quality work. He commented the $650,000 project cost is included in SRU’s current budget.

Thereupon, Council member Smith made a motion to authorize the City Manager to execute a contract with Atlantic Coast Contractors, Inc. in the amount of $650,000 for construction related to the Sanitary Sewer Rehabilitation Project – Contract 2. Mayor Alexander, Mayor Pro Tem Sheffield, Council members McLaughlin, Post, and Smith voted AYE. (5-0)

**UPDATE – KIVA**

Council member Post presented information regarding Kiva and a new trustee based model. He noted the City will not be involved since the model changed to a trustee based model. He reviewed the Kiva trustee model and its benefits and responsibilities along with information on certified trustees.

Council member Post pointed out Salisbury Kiva would be a non-profit platform with a trustee board of 10 to 12 members. He noted local responsibilities would include promoting Kiva, endorsing the borrower, and referring borrowers to a part time Kiva Coach. He added the Kiva Coach would work 10 to 15 hours per month and be paid $3,000 to $5,000 per year. He pointed out the cost could be taken care of by the City, by donors, a foundation grant, or a non-profit organization. He explained the Kiva Coach would guide trustee-referred borrowers through the application process, encourage team development and raise additional matching funds if needed.

Council member Post stated Salisbury Kiva will be driven by the private sector, and there will be no annual funding fee. He noted the proposal is to invest current budgeted matching funds of $60,000 for one year at a 10% cost of $6,000. He added the already budgeted $25,000 Kiva fee
for the next two years could be reallocated to the matching fund. He explained Salisbury Kiva can be re-examined next year.

Mayor Pro Tem Sheffield thanked Mr. Post for bringing Kiva to Council and working to create a better understanding and aspect of visibility for small businesses in Salisbury.

Mayor Alexander commented a one-year contract is a great idea to allow the City to revisit the efforts and commitments annually.

Councilmember Smith thanked Councilmember Post for providing clarity and reinforcing the City’s commitment to diversity, equity and inclusion especially around economic development.

Councilmember McLaughlin thanked Councilmember Post for his efforts in the Salisbury Kiva. He pointed out through his opportunity with Kiva he found communication was an obstacle, and he added it sounds like the communication will be improved with the trustee model.
