LAND DEVELOPMENT DISTRICT MAP AMENDMENT Z-03-2021

Planner Elizabeth Burke addressed Council regarding Land Development District Map Amendment Z-03-2021 to rezone one parcel, approximately .025 acre, located at 1035 Mooresville Road from Neighborhood Mixed-Use (NMX) to Corridor Mixed-Use (CMX) for the expansion of an existing business. She pointed out the business is a minor vehicle service that is currently zoned NMX. She stated the petitioner is acquiring a vacant neighboring lot zoned CMX to expand his business. She explained staff advised the petitioner to rezone his parcel to CMX to create a more consistent pattern of zoning along Mooresville Road and to eliminate the island of NMX zoning.

Ms. Burke reviewed the site plan and photographs of the property. She explained the additional lot is necessary for the proposed expansion due to setback requirements. She noted the permitted uses for CMX and NMX zoning, and she pointed out “vehicle services: minor maintenance repair” is permitted in both NMX and CMX zoning.

Ms. Burke stated the expansion is consistent with Vision 2020 Plan Policy C-2. She noted the Planning Board held a courtesy hearing December 14, 2021 and voted unanimously to recommend approval as submitted.

Councilmember McLaughlin asked if staff received any complaints regarding the proposed rezoning. Ms. Burke noted staff did not receive any complaints.

Mayor Alexander convened a public hearing after due notice to receive comments regarding Land Development District Map Amendment Z-03-2021.

There being no one to address Council, Mayor Alexander closed the public hearing.

Mr. McLaughlin stated the City Council hereby finds and determines that adoption of an Ordinance to rezone the property described herein, as requested, is consistent with the goals, objectives, and policies of the Vision 2020 Comprehensive Plan due to the proposed petition, site characteristics, surrounding development pattern, and observations provided by City planning staff, identifying the policies that support the petition. Thereupon, Mr. McLaughlin made a **motion** to adopt an Ordinance amending the Land Development District Map of the City of Salisbury, North Carolina rezoning Tax Map 061-1 Parcel 178 from Neighborhood Mixed Use to Corridor Mixed Use, approximately .97 acres. Upon a roll call vote Mayor Alexander voted AYE, Councilmember McLaughlin voted AYE, Councilmember Post voted AYE, and Councilmember Smith voted AYE. (4-0)

ANNUAL COMPREHENSIVE FINANCIAL REPORT

Finance Director Wade Furches and Auditor Leanne Bagasala presented the June 30, 2021 Annual Comprehensive Financial Report from Elliott Davis, LLC. Ms. Bagasala thanked Council for allowing Elliott Davis, LLC to provide audit services for the City. She explained Elliott Davis, LLC provided the Comprehensive Financial Statements and a letter of representation.

Ms. Bagasala noted Elliott Davis, LLC did not encounter any difficulties during the audit, no significant deficiencies, no material weaknesses, and there is no other written communication. She reviewed the auditor's responsibilities and management responsibilities. She stated the auditor provides several opinions as part of the audit process. She noted the first opinion is on the City's financial statements, and she issued the City an unmodified opinion which is the highest level of assurance that can be provided. She noted the next opinion is on government auditing standards and no issues were found. She indicated a statutory violation related to Broadband Services was identified and is considered a material weakness that was disclosed in the financial statements and repeats annually.

Ms. Bagasala indicated a selection of federal and state grant programs was audited and the City received a clean opinion. She noted the Local Government Commission (LGC) added performance indicators which identifies the best measures of a local government entity. She added if the City does not meet a performance indicator it would be required to submit a response to that finding. She pointed out the Broadband Services fund deficit of approximately \$2.7 million came up as an indicator of concern. She explained when Broadband Services was implemented in 2009, funds were spent that have not come to fruition. She added until the deficit is eliminated the City will have a statutory violation in its financial statements. She explained the LGC requires a written submission, signed by Council, within 60 days of the audit presentation that includes a plan to

remedy the deficit.

Councilmember Post pointed out the Finance Department has received a Certificate of Achievement for its Comprehensive Financial Report for approximately 30 years and the only material weakness is out of its control. Ms. Bagasala noted the LGC has completed its preliminary review of the Annual Comprehensive Financial Report which was approved with no edits.

Council thanked the Finance Department for the great work it does with the City finances. Mayor Alexander noted Council is aware of the Broadband Fund which should be paid in full in 2029. She thanked Ms. Bagasala for her presentation.

Mr. Furches reviewed the Total Fund Balance in the General Fund for the previous five years, and he pointed out in FY 2020-2021 the Fund Balance increased to \$22.09 million. He then reviewed the available Fund Balance as a percentage of expenditures and transfers of the General Fund. He pointed out in FY2016-2017 the percentage of expenditures and transfers to the General Fund was 40.48% and in FY2020-2021 it was at 36.31%. He added the City has an informal policy of keeping the Fund Balance at 25%. He explained the City has a General Fund Balance of \$22.8 million, with restrictions of approximately \$7 million, leaving \$15 million available for appropriation. He added the working capital/Fund Balance policy is \$10 million which leaves \$4.7 million the City could spend and remain above the self-imposed 25% Fund Balance.

Councilmember Smith noted how resilient the City has been throughout the pandemic.

Mr. Furches reviewed General Fund Revenue verses expenditures and transfers, and he pointed out revenue was \$44.8 million and expenditures and transfers were at \$41.69 million leaving a profit of approximately \$3 million. He noted staff did not know how the sales tax revenue would be impacted by the pandemic. He added the City took in approximately \$2 million more in sales tax revenue than was budgeted. He stated property taxes revenue was approximately \$900,000 over the budgeted amount. He explained the financial statement includes a disclaimer due to COVID-19, but revenues have remained strong.

Mr. Furches referenced Broadband Services, and he pointed out in FY2016-2017 the deficit was \$9.8 million and it has decreased to \$2.7 million in FY2020-2021. He stated Broadband Services has \$822,000 in revenue which was slightly higher than last year. He explained Hotwire Communications deducts operating expenditures from the revenue it sends the City. He indicated the Broadband Services is headed in the right direction.

Mr. Furches reviewed the Water and Sewer Fund. He explained revenue and expenses, and he noted SRU has approximately \$2 million in surplus.

Mayor Alexander thanked Mr. Furches for his presentation. Mr. Furches thanked Ms. Bagasala and Elliott Davis, LLC who have conducted the City's audits for the last seven years. He stated Elliott Davis, LLC will no longer perform governmental audits. He added staff will send Requests for Proposals (RFP) for the audit contract and hope to have a firm in place by March 2022.

DEMOLITION – 418 SOUTH CRAIGE STREET

This item was postponed.

OVERTIME PARKING FINES

Police Chief Jerry Stokes and City Engineer Wendy Brindle addressed Council regarding a proposal to increase the overtime parking fine from \$5 to \$15, and the repeat offender fine from \$50 to \$75.

Ms. Brindle displayed a map of downtown public parking, and she pointed out unrestricted and two-hour parking. She added the two-hour parking is intended for patrons to stop, shop, or dine downtown. She stated the outskirts of downtown has 24-hour non-restricted, complimentary parking that is designed for employees, business owners, or people who are planning to spend the day in the City. She referred to a parking study that was completed in 2019, and she noted the average stay in the two-hour parking spaces was 1.67 hours with a 15% violation rate.

Ms. Brindle reviewed the parking spaces per block in downtown, and she pointed out the Main Street restriping included 80 additional on-street parking spaces. She indicated the 2019 parking study found a low utilization of public parking lots. She noted the public parking lot in the 100 block of East Innes Street has two-hour parking restrictions and would be affected by increased parking fines.

Ms. Brindle stated the downtown parking fine has been \$5 for many years. She added the parking study concluded the parking fine is below average for cities of similar size and recommend the fine be increased to \$15 per occurrence. She noted staff recommends the repeat offender fine be increased from \$50 to \$75, and she clarified it would apply to anyone receiving four or more violations within a 30-day period. She indicated staff is working to improve wayfinding signage to public parking lots.

Chief Stokes noted in September downtown merchants through Downtown Salisbury, Inc. (DSI) requested he meet with them about parking. He noted parking enforcement was reduced during the pandemic. He stated the parking meeting included 8 to 10 downtown merchants. He added the parking study was discussed and the merchants requested staff implement items in the parking study including increasing the parking and repeat offender fines. He pointed out the City has a Parking Control Specialist addressing the overtime parking issues. He commented free parking maps are being issued with parking tickets. He added he is hopeful the increased fines will address the merchant's concerns regarding overtime parking and how it impacts their businesses. He noted staff is looking at technology to identify repeat offenders.

Councilmember McLaughlin requested clarification regarding the Parking Control Specialist. Chief Stokes explained the Parking Control Specialist is a part-time, non-sworn position that works approximately 30 hours per week in the downtown area.

Councilmember Post stated the increased parking fees are overdue, and he pointed out there is inadequate parking around the courthouse. Chief Stokes pointed out court related parking is a concern for area merchants, and it creates competing interests.

Councilmember McLaughlin asked if parking permits for downtown merchants have been considered. Ms. Brindle stated permits have been discussed for downtown residential parking, but most people oppose on-street parking permits because it would take a parking space away from a business patron.

Councilmember Smith questioned what similar cities are doing to mitigate their parking issues. Ms. Brindle explained the parking study makes long-term recommendations including a downtown parking deck. She pointed out non-restricted parking is available but it may require drivers to walk a couple of blocks to their destination. Mr. Smith suggested a collaboration with DSI to make sure local businesses are aware of available unrestricted parking spaces in the downtown.

Mayor Alexander asked if the map of parking spaces includes pay for parking lots. Ms. Brindle noted paid parking spaces were included in the parking study completed in 2019.

Chief Stokes noted the parking situation will continue to worsen due to downtown residential and business growth. He added there is technology to help with parking enforcement, but it is expensive. Interim City Manager Brian Hiatt requested staff provide an estimate to Council regarding the cost of the technology. He added the current procedure is low cost but it lacks efficiency. Mayor Alexander pointed out adoption of the proposed Ordinance is a beginning and implementation could be considered later.

Thereupon, Councilmember Smith made a **motion** to adopt an Ordinance amending Chapter 13, Article II, of the Code of the City of Salisbury, regarding overtime parking fines. Upon a roll call vote Mayor Alexander voted AYE, Councilmember McLaughlin voted AYE, Councilmember Post voted AYE, and Councilmember Smith voted AYE. (4-0)

SISTER CITY REALATIONSHIP WITH MONROVIA, LIBERIA

Mayor Alexander pointed out she welcomed the Mayor of Monrovia, Liberia and his delegates to Council Chambers on November 11, 2021 to discuss the idea of the Sister-City relationship.

Mayor Alexander read the proposed Resolution to Council. She added the City of Salisbury is also a Sister-City with Salisbury, England.

Councilmember Smith thanked Mayor Alexander for facilitating the relationship between Monrovia and the City to develop connections culturally and economically. He noted Liberia was formed from freed enslaved Africans that left North Carolina to form a country in Africa.

Councilmember McLaughlin commented it would be great to have Monrovia as a Sister City due to the growing Liberian population in Salisbury and at Livingstone College.

Mayor Alexander commented she was invited to attend Monrovia's 200th Anniversary as a country, and she added she plans to attend. She commented Livingstone College will continue to work with the City and Monrovia, and she thanked Council for its support of the Sister-City Resolution.

Thereupon, Councilmember Smith made a **motion** to adopt a joint Resolution between the City of Monrovia, Montserrado County, Republic of Liberia and the City of Salisbury, North Carolina. Upon a roll call vote Mayor Alexander voted AYE, Councilmember McLaughlin voted AYE, Councilmember Post voted AYE, and Councilmember Smith voted AYE. (4-0)

CITY ATTORNEY’S REPORT

(a) City Code Revisions

City Attorney Graham Corriher presented information regarding revisions to the Code of Ordinances to comply with the General Assembly.

Mr. Corriher pointed out Session Law 2021-138 is a NC Criminal justice reform legislation, effective December 1, 2021, that includes “decriminalization of certain ordinances.” He added the law amends General Statutes 14-4 from violation of local ordinances subject to criminal penalty to violation of local ordinances not subject to criminal penalty unless specified in the ordinance. He added certain local ordinances cannot be subject to criminal penalty such as land development regulations or tree regulations.

Mr. Corriher commented another revision will allow an offender to come into compliance within 30 days without another offense. He added if there is an underlying condition of poverty, homelessness, mental health, or substance abuse the offender can provide proof those issues are being addressed to come into compliance. He noted this is an effort to require Council to review and specify which ordinances justify criminal penalties or are subject to a civil penalty.

Mr. Corriher explained the proposed Ordinance amendments for sections of Chapter 1, 15, 20, 22, and 23 to make violations subject to criminal penalties. He also noted non-SB300 revisions are to clean up outdated or unenforceable Ordinances discovered during review. He added the revisions removed the existing code for prohibition on pan handling because it was unenforceable as written. He pointed out staff will continue to review the Code of Ordinances and bring additional recommendations to Council.

Councilmember Smith commented it is important for the community to be able to see the greater context of the State Bill, and he added he hopes the community knows Americans are using its rights to bring about a more equitable and just America.

Mayor Alexander commented she has received a lot of complaints regarding panhandling, and she asked if the Ordinance would be removed because it is not enforceable. Mr. Corriher agreed, and he added charitable donations of money can be asked for, and he pointed out the Ordinance can regulate conduct, but not speech.

Councilmember Smith asked if equity will be considered during the review. Mr. Corriher noted a meeting has taken place to include as many voices as possible for feedback, especially those serving populations at risk, and he added he is open to further discussion so the Ordinances are enforceable and equitable.

Requested Agenda Item: Upset Bid Process for the Sale of Parcels 005-143 and 005-144 in the 1200 block of West Fisher Street

Description of Requested Agenda Item:

Wesley and Shakya Jackson have submitted an offer of \$1,500 to purchase the above referenced properties, which are owned by the City of Salisbury. Parcel 005-143 is 0.34 acres in size and has an assessed tax value of \$18,382. Parcel 005-144 is 0.26 acres in size and has an assessed tax value of \$15,680. The requestor has provided the 5% bid deposit as required under NCGS 160A-269.

In order to proceed, a Resolution must be adopted authorizing the use of the upset bid process for the sale of this property. Upon adoption of a Resolution, the upset bid process will begin. An upset bid must raise the current offer by an amount of at least 10% of the first \$1,000 of that offer and 5% of the remainder.

If the bid is raised, the new bid becomes the current offer, and the process will continue until a ten-day period passes without receipt of a qualifying upset bid. The City Council will receive notice of the final offer, and may at that time reject or accept the offer.

Requested Agenda Item: Council to receive a presentation regarding staff recommendations for the use of HOME- ARP Program funds from the U.S. Department of Housing & Urban Development (HUD).

Description of Requested Agenda Item:

HUD is releasing funding for the HOME-ARP Program that seeks to address the need for homelessness assistance and supportive services. Congress appropriated \$5 billion in American Rescue Plan funds to be administered through the HOME Program to perform four activities that must primarily benefit qualifying individuals and families who are homeless, at risk of homelessness, or in other vulnerable populations. These funds will expire on September 30, 2030.

Through the City's participation in the Cabarrus/Iredell/Rowan HOME Consortium, Salisbury is eligible to receive \$525,940 to assist homeless or those at risk of homelessness with housing and/or supportive services. As a condition of receiving these funds, the City is required to participate in the creation of an Allocation Plan. City Council held a public hearing on November 16, 2021 to gather input on how the funds could best help the community. An application period was opened for 30 days and closed on December 31, 2021. Based on the input heard and the applications received, the attached memo and presentation outline staff's recommended budget for the use of the HOME ARP funds.

Agenda Item Request Form

Please Select Submission Category: ☐ Public ☐ Council ☐ Manager ☒ Staff

Requested Council Meeting Date: 1/18/2022

Name of Group(s) or Individual(s) Making Request: Engineering and Public Works

Name of Presenter(s): Craig Powers, Public Works Director & Michael Hanna, Public Works Administrative Services Manager & Wendy Brindle, City Engineer

Requested Agenda Item: Revision of Residential Street Cross-Section and Erosion Control Standards for Lots under One Acre

Description of the Requested Agenda Item:

The recent increase in residential development throughout the City of Salisbury has intensified the need for updates to some key construction standards. Since these changes will have an effect on developments once adopted, the proposal has been reviewed by the Technical Review Committee (TRC) and the Planning Board for comment and endorsement prior to being presented to City Council for approval. Both the TRC and Planning Board unanimously support the attached standards be forwarded to City Council for consideration. They are summarized as follows:

1. Current residential street cross section requires 2-inches of asphalt on top of 8-inches of compacted stone. Roadways built to this standard have required significant maintenance within a few years of construction. Staff researched what other communities are requiring, and found that Salisbury's standard is below that of neighboring cities. Staff recommends adopting a new standard of 2-inches of S9.5B surface asphalt with 2.5-inches of I19.0C intermediate asphalt on top of 8-inches compacted ABC stone.
2. Rowan County reviews plans for erosion control for the City of Salisbury, but does not require plans for developments under 1 acre. This creates a hole in the permitting process as erosion control is required for *any* land disturbances, and the City is required to manage this under the City's NPDES permit. The lack of a standard for lots less than one acre causes confusion for contractors that results in problems concerning sediment run-off onto city sidewalks and roadways. Adding a standard detail to the Uniform Construction Standards will help contractors plan how to develop a site with proper erosion control provisions, and will help Stormwater and Code Enforcement staff regulate and control sediment run-off onto public streets.

2. If the variance relates to an issue such as development density, street classification, location of intersections, access, or other items which are easily demonstrated before engineering plans are developed, the requesting party shall submit the variance request in conjunction with the preliminary plat review. Staff will forward the variance request and a staff recommendation to the Planning Board for consideration. The variance shall be clearly identified on the preliminary plat and, if approved by the Planning Board, shall be considered an acceptable concept.
3. If the variance relates to an issue which becomes apparent only after engineering plans have been developed, the requesting party shall submit the variance request in conjunction with the engineering plan review. Staff will forward the request and a staff recommendation to City Council for consideration. Engineering plans will not be approved until all variance requests have been approved by Council or the design meets standard City requirements.

1.09 Erosion and Sedimentation Control

1. All work shall be done in accordance with and subject to the limitations of Rowan County and State rules and regulations for erosion and sediment control. It shall be the responsibility of the owner/developer to obtain approval of a sedimentation and erosion control plan from Rowan County. Additional information as to required format and plan content is available from Rowan County Erosion Control, 402 North Main Street, Salisbury, North Carolina, 28144, telephone (704) 216-8588.
2. Erosion control measures shall be provided to prevent any erosion or sedimentation problems that might affect any existing utility lines or structures during construction.
3. For any land disturbing activity less than one acre, including single family residential development, The City of Salisbury Stormwater Ordinance requires that anyone conducting land disturbing activity control sediment and provide adequate measures to retain sediment at the disturbed site. The total disturbed area of the site includes any borrow or waste areas that are used for the residential site, if the borrow or waste areas are not currently permitted by the City of Salisbury or NCDEQ. Land disturbing activities include demolition and land clearing. Erosion Control measures must be installed in accordance with the following:
 - a. Failure to install or maintain erosion control measures may result in penalties of up to \$5,000 per day.
 - b. A stabilized entrance pad of soil stabilization fabric, #5 washed stone and railroad ballast mix shall be located where construction traffic will enter or leave the construction site onto a street. The construction entrance shall be a minimum of 25 feet long by 14 feet wide, and 6" thick. The soil stabilization fabric shall extend the full length and width of the construction entrance.
 - c. The construction entrance shall be maintained in a condition which will prevent tracking or flowing of sediment onto streets or existing pavement. This may require periodic top dressing with additional stone as conditions warrant and repair or cleanout of any measures used to trap sediment.

- d. Any sediment spilled, dropped, washed or tracked onto streets or sidewalk must be removed immediately. Any aggregate tracked into the street or sidewalk must be swept back onsite on a nightly basis.

Requested Agenda Item: 2nd reading to Revise Code of Ordinances to comply with N.C. Session Law 2021-138 (Senate Bill 300) decriminalizing certain local ordinances

Description of Requested Agenda Item: In 2021, North Carolina General Assembly enacted criminal justice reform legislation (Senate Bill 300) that, in part, decriminalized certain local ordinances. Prior to the enactment of SB300, violation of local ordinances was by default a Class 3 misdemeanor except where the ordinance explicitly said violation was only subject to civil penalties. To be clear, most city ordinances were not enforced criminally but the default mechanism under state law (G.S. 14-4) made it possible for city ordinances to be enforced criminally. SB300 changes the default penalty under G.S. 14-4 to civil violations only unless the local governing boards specifies in the ordinance that it is subject to criminal penalties.

Please note that criminal violations of local ordinances are punishable as Class 3 misdemeanors, the lowest level of criminal penalty under North Carolina law. A local government lacks the legal authority to, for instance, make a violation of a local ordinance a higher level misdemeanor or felony.

The attached revisions are the first round of revisions recommended by the Salisbury Police Department. SB300 does not allow for action to be taken on these revisions at the first meeting they are introduced. These were initially introduced at the January 4 meeting and are back on the agenda, with revisions based on feedback from council to Sec. 15-44, for a "second reading" and potential adoption. As a reminder, these are only the first round of revisions. Staff is still in the process of reviewing the Code to determine if there are other ordinance violations that justify criminal penalties.

Establishment means any privately owned place of business operated for profit to which the public has access or is invited, including but not limited to any place of amusement or entertainment.

Guardian means a person who is court appointed to be the guardian of a juvenile.
