

BCJI Grant West End Information Sheet

Note: The WestEnd is part of two North Carolina Census Tracts: 504 (FIPS 37159050400) and 503 (FIPS 37159050300).

Population	Age	Household Occupancy
West End Population: 3,179	Median: 26.3	Owner: 31.7%
Youth (<20) Male: 15.6%	Seniors (65+): 10.6%	Renter: 68.3%
Youth (<20) Female: 16.3%	Youth (<20): 31.9%	Race
		African American: 64.4%
		White: 22.3%
		Other: 6.1%
		2+ Races: 5.9%
	Income	
	Median: \$35,103	
	Average: \$45,249	

Note: Population, age, and race estimates drawn from the 2020 U.S. Census. The American Community Survey was used to estimate income (2021) and household occupancy (2010).

Note: Race excludes Asian, Pacific Islander, and American Indian categories, which were each less than 1% of the West End population. Also, race categories do not include Hispanic/Non-Hispanic ethnicity, which is a separate characteristic.

* Violent Crime Rate: West End vs. Entire City

	West End (Q1-Q3)					Salisbury (Q1-Q3)				
	2019	2020	2021	2022	2023	2019	2020	2021	2022	2023
Agg. Assault	50.3	66.1	72.4	72.4	50.3	20.8	28.1	37.1	34.3	43.3
Simple Assault	53.5	59.8	66.1	31.5	44.0	51.2	38.0	28.4	33.2	40.5
Robbery	25.2	25.2	9.4	6.3	0.0	12.4	9.0	8.2	7.6	6.2
Child Abuse	9.4	12.6	18.9	12.6	6.3	7.0	9.3	8.2	7.6	6.2
Intimidation	6.3	12.6	3.1	6.3	3.1	2.8	3.9	2.8	5.1	3.7

Note: Violent crimes excludes 90Z, the "All Other" NIBRS code, which consisted of "Sex Offense Other" and "All Other Cruelty to Animals" in this context.

* Property Crime Rate: West End vs. Entire City

	West End (Q1-Q3)					Salisbury (Q1-Q3)				
	2019	2020	2021	2022	2023	2019	2020	2021	2022	2023
Burglary	88.1	88.1	62.9	50.3	75.5	44.7	34.3	36.0	34.9	45.6
Vandalism	62.9	53.5	107	47.2	75.5	56.6	32.1	36.6	42.2	58.5
Larceny from Motor Vehicle	78.6	101	69.2	53.5	40.9	69.2	56.3	41.4	61.9	66.1
Other Larceny	75.5	44.0	66.1	75.5	59.8	64.2	51.9	53.2	54.6	74.0
Misc. Property Damage	12.6	47.2	66.1	59.8	59.8	12.1	23.9	35.5	41.1	49.5

*Crime rate is per 10,000 population. To calculate rate per 10,000, divide the number of offenses by the population, then multiply that by 10,000. Crime Rate = (# of offenses / population) * 10000.
