DR. MARTIN LUTHER KING, JR. CELEBRATIONS

Mayor Kluttz congratulated everyone involved with the Dr. Martin Luther King, Jr. events held throughout the previous weekend and noted that the celebrations were wonderful. She indicated that one issue raised during the events was that the City of Salisbury should have a street named for Dr. Martin Luther King, Jr. She stated that Councilman Kennedy introduced the idea of naming a City street after Dr. King over ten (10) years ago before the current members of Council were serving, but no action was ever taken. She asked Mr. Kennedy if he would like to share his original proposal with Council.

Councilman Kennedy commented that after hearing of many cities throughout the nation that have changed the name of streets to recognize Dr. Martin Luther King, Jr. he felt that it was time for the City of Salisbury to do something as well. He noted that Long Street has been mentioned as a possibility for the street to be renamed, but Council does not have information on what should or could be done at this point. He added that while not everyone would be happy with a change he has seen other cities change the name of the street by making Dr. King’s name prominent while retaining the current name of the street right above Dr. King’s on the sign. He stated that he would like Council to form a staff committee to investigate the feasibility of naming a City Street for Dr. Martin Luther King, Jr. He suggested Human Resources Director Melissa Taylor chair the committee and make a recommendation to Council regarding the name change.

Mr. Kennedy stated that he feels it is time the Salisbury-Rowan Human Relations Council spearhead the Dr. Martin Luther King, Jr. parade and feels they can work to make it a grand occasion. He added that the Human Relations Council has done a wonderful job with the Dr. Martin Luther King, Jr. breakfast and feels if they take the leadership with the parade it can be a great parade. Mayor Kluttz added that she would like to see the Dr. King celebrations coordinated and perhaps the Human Relations Council can help with this.

Mayor Kluttz asked for Council’s consensus to investigate the feasibility of naming a street for Dr. Martin Luther King, Jr. By consensus, Council agreed for staff to begin an investigation of the City’s naming policy and procedure and report back to Council during its retreat.

AWARD A CONTRACT TO RF SHINN, INC FOR INSTALLATION OF SEWER IMPROVEMENTS

Mr. Jim Behmer, Utilities Engineering Manager, informed Council that on December 4, 2006 bids were received for the installation of sanitary sewer to serve those areas annexed effective July 1, 2005. Bids were received from:

<table>
<thead>
<tr>
<th>Contractor</th>
<th>Bid Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>RF Shinn</td>
<td>$298,630.96</td>
</tr>
<tr>
<td>Bell Construction Co., Inc.</td>
<td>$331,743.30</td>
</tr>
<tr>
<td>Foothills Water &amp; Sewer, Inc.</td>
<td>$377,391.00</td>
</tr>
<tr>
<td>Fuller Contracting Co., LLC</td>
<td>$383,233.00</td>
</tr>
</tbody>
</table>

Mr. Behmer asked Council to consider awarding a contract in the amount of $298,630.96 to RF Shinn, Inc.

Councilman Burgin noted that there was a math error in the bid from RF Shinn Contractors, Inc. and asked how the math error could be changed on a bid. Mr. Behmer responded that when the engineers certified the bid tabulation they found a math error, but RF Shinn, Inc. was still the lowest responsive bidder and the bids were not contested by the other contractors. Mr. Burgin questioned at what point a math error becomes changing a bid versus reflecting what the bid was and noted that it seems to be inequitable. Mr. Behmer stated that the error was made by the contractor in totaling up unit pricing and the amounts were hand written in the margins. When the amounts were totaled the contractor misread his own writing. He explained that when the engineer certifies the bids if there is a discrepancy all of the bidders are notified. Mr. Burgin clarified that it was not actually changing a number. Mr. Behmer stated that this is correct noting that the numbers were shown but the handwritten numbers were misread.

Thereupon, Mr. Kennedy made a motion to approve a contract in the amount $298,630.96 to RF Shinn, Inc. for the installation of sewer improvements in the 2005 annexed areas. Mr. Lewis seconded the motion. Messrs. Burgin, Kennedy, Lewis, Woodson, and Ms. Kluttz voted AYE. (5-0)

AWARD A CONTRACT TO MARTIN STARNES & ASSOCIATES, CPAs, PA FOR AUDITING SERVICES FOR FISCAL YEAR 2007

Mr. Wade Furches, Finance Manager, informed Council that in December 2004 staff initiated the process of receiving proposals to conduct the City's annual audit. As a result of this process the City entered into a four (4) year agreement with Martin Starnes & Associates, CPAs, PA to perform the City's annual audit. He stated that Martin Starnes has performed the last two (2) annual audits and year three (3) of the four (4) year contract will cover July 1, 2006 through June 30, 2007. Mr. Furches noted that the proposed contract is in the amount of $28,600 which is an $800 increase over last year, or just less than three (3) percent. He stated that staff feels this price is very good for a city of Salisbury's size and recommends approval of the audit contract.

Thereupon, Mr. Woodson made a motion to approve a contract with the three (3) percent increase in the amount of $28,600 to Martin Starnes and Associates, CPAs for auditing services for year 2007. He explained that with the City's matching funds of $19,500, the total funds available for the development of the Comprehensive Plan are $65,000.
