SUP-04-2013 – 612 WEST INNES STREET

SUP-04-2013 – 612 West Innes Street

(a) Swearing In

Mayor Woodson indicated anyone who wished to speak for or against this item must be sworn in, and he asked those who would like to speak to come forward. Mayor Woodson administered the oath to the following:

Mr. David Phillips

(b) Ex Parte Disclosure

Mayor Woodson asked Council members if anyone had knowledge of this case they wished to disclose. There were no ex parte disclosures.

Zoning Administrator David Phillips indicated the request is for a Special Use Permit (SUP) for property located at 612 West Innes Street. He explained any type of general retail within a Residential Mixed-Use (RMX) district requires a SUP.

Mr. Phillips reviewed the production of evidence:

- The burden is on the applicant to present sufficient evidence to allow the board to make findings that the required standards will be met
- The burden is on an opponent to present sufficient evidence that a standard will not be met
- If insufficient evidence is presented that the required standards will be met, then the SUP must be denied
- If uncontradicted evidence is presented that all of the standards will be met, then the SUP must be issued
- If uncontradicted evidence is presented that even one of the general or specific standards will not be met, then the SUP must be denied
- If there is conflicting evidence, the board decides what the facts are and decides accordingly
Mr. Phillips presented the standards for decision:

1. The use meets all required principles and specifications of the Ordinance and any adopted land use plans and is in harmony with the general purpose and intent and preserves its spirit; and
2. The proposed plan as submitted and approved will be visually and functionally compatible to the surrounding area; and
3. The public health, safety, and welfare will be assured, and the proposed development will not substantially injure the value of adjoining property and associated uses if located where proposed.

Mr. Phillips displayed a map and photographs of the area. He noted the site is surrounded by Residential Mixed-Use (RMX) and Urban Residential (UR-8) zonings. He pointed out the location is across from the former Brightmoor Nursing Home site, adjacent to Salisbury Motors, and the former home of an insurance company. He referenced a shared driveway from West Innes Street with parking in the rear. He indicated the building will have cosmetic changes, but the structure will not change.

Mr. Phillips stated at its June 25, 2013 meeting the Planning Board approved the recommendation with one condition; the use be limited to a book store rather than general retail.

(c) Mayor Woodson convened a public hearing, after due notice thereof, to receive testimony regarding SUP-04-2013. He administered the oath to Ms. Elizabeth Pope, applicant.

Ms. Elizabeth Pope, 2116 Old Stage Road, Yadkinville, North Carolina, stated the proposed book store will be family owned and operated. She added the store will specialize in used books and include space to sit and read. She pointed out the book store will be neighborhood friendly and offer affordable books, programs for teachers, a student report card, and summer reading programs. She noted the building and signage, except for the name, will not be changed. She stated refreshments may be served. She explained she owns another book store in Charlotte and a computer system will link the two stores and their inventory.

There being no one else present to provide testimony, Mayor Woodson closed the public hearing.

Councilmember Kennedy asked why the Planning Board limited the use on this particular property to a book store rather than the by right for general retail.

Mr. Phillips stated he was not at the Planning Board meeting, but rather than allowing general retail the Planning Board prefers to review uses individually and amend the SUP if another type of general retail is required. He explained a Planning Board member noted if the property is open to general retail it should be rezoned, so to protect the neighborhood the Planning Board recommends limiting the use.

Mr. Kennedy noted Ms. Pope will be selling items other than books and he did not want her to encounter problems. Mr. Phillips explained selling snacks will be permitted, but retail items such as clothing will not be allowed. He noted refreshments are not considered retail sales.
Mayor Woodson asked if a member of Council would provide the Findings of Fact.

Thereupon, Mr. Miller made a motion for the following Findings of Fact:

A. The use meets all required principles and specifications of the Ordinance and any adopted plans and is in harmony with the general purpose and intent and preserves its spirit as evidenced by the following testimony:

- The site must meet all applicable regulations of the City of Salisbury and Rowan County
- The use of general retail will allow for the sale of general merchandise limited to only the sale of books

B. The proposal as submitted and approved will be visually and functionally compatible to the surrounding area as evidenced by the following testimony:

- The use is located in an existing building that is visually and functionally compatible to the surrounding area and no exterior changes are being made to the building
- Signage will be in accordance with the City of Salisbury Ordinances

C. The public health, safety and welfare will be assured, and the purposed development will not substantially injure the value of adjoining property and associated uses if located where proposed as evidenced by the following testimony:

- The business is handicap accessible and parking is located to the rear of the building

D. The condition be added that the only permitted General Retail use be that of a Book Store.

Ms. Alexander seconded the motion. Messrs. Kennedy, Miller, and Woodson, and Ms. Alexander voted AYE. (4-0)

Thereupon, Mr. Miller made a motion to issue a Special Use Permit SUP-04-2013 allowing general retail – 3,500 square feet or less for the property located at 612 West Innes Street, Salisbury, North Carolina based on all general standards of the Salisbury Land Development Ordinance being met and the condition that the use of Book Store be the only general retail uses permitted. Mr. Kennedy seconded the motion. Messrs. Kennedy, Miller, and Woodson, and Ms. Alexander voted AYE. (4-0)

He noted the allocation to the Salisbury Police Department will be $21,092, and $11,825 will be allocated to the Rowan County Sheriff's Office. Mr. Sofley indicated the economy has improved and economic projects are being developed. He noted the City received inquiries regarding development in this block by:

- Rowan-Salisbury School System
- Integro Technologies
- Others
Mr. Sofley stated Integro Technologies:

  - A new parking lot will be constructed
  - Opportunity to redevelop 329 South Main Street
Mr. Sofley reviewed the Economic Impact Update in the 300 block of South Main Street completed by Salisbury-Rowan Economic Development Commission (EDC) Executive Director Robert Van Geons:

- Creates approximately 123 temporary jobs
- Supports approximately 260 jobs in the local economy
- Generates approximately $1.25 million in additional retail sales
- Increase the City and County tax base
- Provide increased sales and property tax revenue
- Create opportunities for entrepreneurial development and public/private partnerships
- Positively showcases the City as a vibrant, progressive community

Mr. Sofley noted:

- The City is permitted to engage in economic development projects including
  - Construction of new buildings and to issue debt
- The Rowan-Salisbury School System is permitted to enter into a lease agreement without approval from Rowan County
- Proposed lease agreement will allow the City to proceed within established guidelines

He explained the next Agenda item requests Council consider soliciting financing bids and consider making an application to the Local Government Commission regarding financing the proposed office building. He indicated staff recommends combining the two items into one public hearing to be held at Council’s July 16, 2013 meeting.

Councilmember Miller thanked Mr. Sofley and staff for its work on the project. He noted Council supports the project and looks forward to receiving public comment.

Councilmember Alexander stated this is an exciting example of cooperation and collaboration between non-profits, government agencies, and the private sector. She noted $11 million in redevelopment is very impressive in a city with 33,000 citizens and a budget of $36 million. She thanked everyone who worked on the project.
Councilmember Kennedy stated he is excited to be a member of a Council that thinks outside of the box. He pointed out he was a member of Council when it purchased the Old Town Mall, ran water and sewer lines through the property, and sold it to a developer who brought it to its present state. He noted he was a member of Council when Flowers Bakery closed and he remembers the impact of the job loss to the community. He explained Council bought the property and encouraged the developer and owners to relocate downtown to keep the tax base in the City. He referenced the Plaza and noted Council has played an important role in the redevelopment of many projects. He pointed out as a former educator he was part of the merger of the Salisbury and Rowan County Schools. He stated Council has an opportunity to give back to education and help the School System by supporting the central office building. He stated he supports the project.

Mayor Woodson stated Council has discussed a central office building for many years and is excited it may take place. He pointed out North Main Street is developed, and this is a good start to the redevelopment of South Main Street. He stated he hopes citizens will let Council know their feeling regarding the proposed project.

OFFICE BUILDING – FINANCING CONSTRUCTING AND EQUIPPING

Councilmember Kennedy stated he did not know what would have happened if the City had not stepped in on past development projects.
STEERING COMMITTEE – EAST INNES AND LONG COMPLETE STREETS STUDY

City Engineer Wendy Brindle explained North Carolina Department of Transportation (NCDOT) approached the City regarding pedestrian concerns at Innes Street near Shaver Street identified through its Spot Safety Program.
