Councilmember Miller commented two Councilmembers could work together to review the procedures that are currently in place and report back to Council for consideration.

POOL HALL PERMIT – 612 SOUTH MAIN STREET

Police Chief Jerry Stokes referred to a pool hall permit requested for 612 South Main Street and introduced Lieutenant Andy Efird as the officer in charge of the permit investigation.

Lieutenant Efird stated Ms. April Anglin applied for a pool hall permit for the facility located at 612 South Main Street, formally known as Break and Run Billiards. He noted Ms. Anglin purchased the business with plans to operate under a different name with 5 pool tables. He indicated Ms. Anglin applied for an ABC permit. He stated the department did a background check on Ms. Anglin and it concluded only minor traffic offenses. He noted the last call for service at the property was in 2017 for found property. He stated there are no persistent or current issues at the establishment. He indicated City Code considers a pool hall an establishment with two or more tables for the purpose of billiards and noted the City’s Land Development Ordinance considers a pool hall as indoor amusement. He indicated 612 South Main Street is zoned as a downtown mix-use.
Mayor Pro Tem Post asked if a special zoning permit procedure is required for pool hall operators that plan to serve alcohol. Chief Stokes noted under the ordinance, pool hall permits require public hearings. Councilmember Alexander asked if complaints have been made. Lieutenant Efird stated no complaints have been made against the property. Councilmember Miller clarified in the event the facility becomes a nuisance the Council has the right to revoke the permit. Lieutenant Efird confirmed the Ordinance allows Council to conduct a public hearing in order to revoke a permit.

Councilmember Post referenced an incident that took place last year at a tattoo parlor near 612 South Main Street. City Manager Bailey indicated the tattoo parlor was a special use permit with a rezoning issue. He clarified the place of business at 612 South Main Street has completed the application process and does not require the quasi-judicial regulation. Ms. Brindel stated widening at Julian Road will include bike lanes, sidewalks, and 23 foot raised, grassed medians. She noted the new traffic pattern was created to help reduce congested traffic at the intersection of Julian Road and Jake Alexander Boulevard. She explained the proposal will accommodate the dual left turns in place. She stated a concrete barrier will be placed in front of Tractor Supply Company which will not permit left turns from Julian Road. She indicated the planned interchanges will allow motorists to preplan and prepare when entering the area. She stated a directional median at Corporate Circle will allow motorists from Jake Alexander to enter Julian Road with a left turn lane to accommodate turns. She stated NCDOT proposed a full signalized intersection at the opposite end of Corporate Circle to allow further distance from the intersection to accommodate future planned construction.

Ms. Brindel stated NCDOT held public hearings September 8, 2016 at the Emergency Medical Service (EMS) Station located at Julian Road, and November 14, 2017 at Rowan Cabarrus Community College (RCCC) with comments taken from the public by online or mail-in submittal forms. Councilmember Sheffield asked about the distance from the proposed median on Julian Road to Jake Alexander Boulevard. Ms. Brindel stated the distance of the median is about one city block.

Ms. Brindel presented information on the proposed construction at Henderson Grove Church Road to close the rail crossing. She noted the purpose of this closure would be to reduce the amount of indirect travel in order to have a low impact on local businesses and residents. She stated she will provide Council NCDOT updates as they are released.
