for hosting them. Ms. McKeown indicated she hopes to increase exchange and visits between the two Cities because they have so much in common.

On behalf of Council, Mayor Kluttz presented Ms. McKeown with an official City plate and a Salisbury gift bag with various items.

**RECOGNITION UNITED STATES ATTORNEY ANNA MILLS WAGONER**

Mayor Kluttz recognized former United States Attorney Anna Mills Wagoner for her contributions to the City of Salisbury during her tenure in office. She stated in order to understand the significance of the honor, it is important to understand the history. Mayor Kluttz explained that in 2001 when Ms. Wagoner was appointed as a United States Attorney, Salisbury had an unusually high number of handgun murders, and Mayor Kluttz reviewed several incidents that happened throughout the City during that time. She noted that in January 2002, Council declared to take action against the gun violence, and shortly thereafter, Ms. Wagoner informed her of a new Federal program called Project SAFE Neighborhoods that was to be implemented in large United States cities. She pointed out Ms. Wagoner was unsure if Salisbury was large enough to qualify, and the program would require the City to form a community group that could speak candidly regarding racially sensitive issues. Mayor Kluttz stated Ms. Wagoner nominated Salisbury, and Salisbury was accepted, becoming one of the smallest Project SAFE cities in the United States.

Mayor Kluttz explained that the primary purpose for Project SAFE Neighborhoods is to stop gun violence in the community. She indicated the Project SAFE community group brings in first-time gun offenders who are more likely to be repeat offenders, and helps them understand there is hope without the use of a firearm. She stated the offender also meets with local, state and federal law enforcement officials who explain to them that, along with the offer to assist with childcare, education, employment, and housing, they are being warned that any additional offense involving a firearm or ammunition will lead to federal prosecution. She pointed out the Project SAFE Neighborhoods Committee was established in 2003, and 146 offenders have received this warning and help.

Mayor Kluttz indicated that during the eight years of existence, Project SAFE has worked to make the community better by communicating with the Police and Sheriff’s Departments, the faith community, and court personnel. She stated that the program has also enabled the Salisbury Police Department to partner with major cities throughout North Carolina, as well as State and Federal law enforcement. Mayor Kluttz indicated the Project SAFE group’s goal is to reach youth before gang affiliation, and noted this is the fifth year members will host Project SAFE Neighborhoods Family Day at the J.F. Hurley YMCA. She stated that a new initiative, Project Hope, has emerged from the Project SAFE Neighborhoods program where, 18 churches
in the community offer spiritual help, support, mentoring, and community events for those in fragile situations. She stated being designated as a Project SAFE Neighborhoods community has had far reaching effects on keeping the City safe.

Mayor Kluttz then presented Anna Mills Wagoner a Key to the City, and noted this is the highest honor a citizen can receive. She indicated Ms. Wagoner could have worked with a larger City, but remained involved, supportive, and willing to help Salisbury.

Ms. Wagoner commented that she only presented the concept, and the City understood the idea, and made a great program for the City. She pointed out the Project SAFE...
Neighborhoods Community Group shows what happens when a community works together and leaves egos at the door. She stated she looks forward to continuing to work with Project SAFE Neighborhoods in Salisbury.

Mayor Kluttz stated she is grateful to Ms. Wagoner and to everyone serving on the committee.

Officer Cooper indicated approximately 250 students receive the D.A.R.E educational training each school year in Salisbury. She reviewed the positive impact the program can have on youth:

- Confidence needed to make good decisions when faced with hard choices
- Time to spend with law enforcement in a non-threatening environment and have their questions answered
- Time to learn and discuss the facts of drugs, gangs, and violence
- Role-play for the students, using real-life situations

Officer Cooper indicated the D.A.R.E program is not a stand-alone program, but gives children the tools needed to make good choices in life. She stated D.A.R.E graduation is held at the end of the training, and each student must write and read an essay indicating their commitment to remain drug and violence free. Officer Cooper introduced Mr. DuBose who wrote the winning essay from his class. Mr. DuBose read his winning essay to Council.

CONTRACT MODIFICATION - ERICSSON FEDERAL, INC.
Mr. Mike Crowell, Director of Broadband Services, addressed Council regarding the modification of an existing contract with Ericsson Federal, Inc. Mr. Crowell indicated the primary contractor for the Fiber to the Home project, Ericsson Federal, Inc., will be unable to meet its delivery commitment date, and has offered a modified contract. He stated Ericsson is proposing a change order, and the proposed amount of the contract will be $1,759,218, which is a reduction of $2,141,999. Mr. Crowell requested Council approve the change order.

Thereupon, Mr. Woodson made a motion to authorize the City Manager to execute a change order in the amount of $2,141,999.31 to reduce the contractual amount awarded November 17, 2009 to Ericsson Federal, Inc., or sign a revised contract in the amount of $1,759,218.31 to reflect this reduction. RESOLUTION AUTHORIZING A SOLE SOURCE PURCHASE OF AN IP TELEVISION SYSTEM

Mr. Mike Crowell, Director of Broadband Services, and Mr. John Sofley, Management Services Director, addressed Council regarding a sole source purchase of an Internet Protocol (IP) Television System. Mr. Crowell explained that since Ericsson Federal, Inc. will be unable to complete the Fiber to the Home project on time, staff has worked to implement an alternative middleware solution. He indicated staff requests entering into a contract with Minerva Networks, who is a sole source vendor, because they are the only company that could operate with the existing equipment installed to date by Ericsson Federal, Inc. He pointed out that approximately one year ago, staff considered Minerva Networks, but at that time Minerva Networks did not offer certain specific features. He noted that in the past year Minerva Networks has become a major competitor in middleware, and can provide “Over the Top Video” which is supplied through the internet by incorporating video into the middleware, giving the consumer access to internet content through the television. Mr. Crowell requested Council approve the contract with Minerva Networks.

Mr. Sofley stated this bid was properly advertised and the new contract amount is less than the change order amount from Ericsson Federal, Inc. Councilman Woodson asked if Minerva Networks is ahead of Ericsson in regards to what it can offer. Mr. Crowell responded he thinks Minerva is ahead of Ericsson.

Thereupon, Mr. Woodson made a motion to adopt a Resolution authorizing the purchase of an IP Television System Agreement in the amount of $1,170,805 to Minerva Networks for the City’s Fiber Optic Network Program. Mr. Kennedy seconded the motion. Messrs. Kennedy, Miller, Woodson, and Mses. Blackwell and Kluttz voted AYE. (5-0)

RESOLUTION AWARDING A CONTRACT TO JMA COMMERCIAL INTERIORS

Mr. John Sofley, Management Services Director, addressed Council regarding awarding a contract to JMA Commercial Interiors for the purchase of furniture for the new Customer Service Center. Mr. Sofley stated the North Carolina General Statutes authorize local governments to make purchases without a separate bidding procedure from any supplier who has been selected through a group purchasing program. He explained it must be a formally organized program that offers competitively obtained purchasing services at a discount to two or more public agencies. He stated staff has identified a budget of $150,000 for furniture and equipment for the new facility. Mr. Sofley noted this provider meets the exact needs of the project, and requested Council authorize the contract.

Thereupon, Mr. Miller made a motion to adopt a Resolution authorizing the purchase of Teknion office furniture and equipment for the Salisbury Customer Service Center, in an amount not to exceed $150,000. Mr. Woodson seconded the motion. Messrs. Kennedy, Miller, Woodson, and Mses. Blackwell and Kluttz voted AYE. (5-0)

Mr. Randall Moran, Information Technologies Manager, addressed Council regarding a Special Use Permit for AT&T to co-locate an antenna on a City-owned tower. Mr. Moran stated AT&T is requesting to place an antenna on an existing tower located at 735 Jake Alexander Boulevard. He indicated Chapter 26 of the Salisbury City Code governs antenna location, and AT&T has provided all documentation and is in compliance with the Code. He requested Council issue a special use permit to AT&T for antenna location.

Thereupon, Ms. Blackwell made a motion to issue a special use permit to AT&T for co-location of an antenna on an existing tower located at 735 Jake Alexander Boulevard, in accordance with Chapter 26 of the Salisbury City Code. Mr. Woodson seconded the motion. Messrs. Kennedy, Miller, Woodson, and Mses. Blackwell and Kluttz voted AYE. (5-0)

He noted the neighborhood is located off Morlan Park Road and isolated so there is no anticipation of through traffic. Mr. Mikkelson indicated staff is in favor of the petition.

Thereupon, Mr. Kennedy made a motion to adopt an Ordinance amending Section 13-336, Article X, Chapter 13 of the Code of the City of Salisbury, relating to speed limits - generally. Mr. Woodson seconded the motion. Messrs. Kennedy, Miller, Woodson, and Mses. Blackwell and Kluttz voted AYE. (5-0)

AGREEMENT - CLOSING OF THE HORAH STREET AT-GRADE RAILROAD CROSSING

Mr. Dan Mikkelson, Engineering and Development Services Director, addressed Council regarding the closing of the Horah Street at-grade railroad crossing. Mr. Mikkelson stated that in January 2010, Council held a public hearing and adopted an Order to close the Horah Street at-grade railroad crossing. He indicated staff has been waiting for an agreement between the City of Salisbury, North Carolina Department of Transportation (NCDOT), Norfolk Southern Railroad, and North Carolina Railroad indicating Norfolk Southern Railroad will make an incentive payment of $42,000 to the City; NCDOT will resurface Monroe Street; and NCDOT and Norfolk Southern will install upgrades to improve safety at the Monroe Street railroad crossing. He pointed out that once these improvements are made, the City can apply to the Federal Railroad Administration for a quiet zone between Henderson Street and Klumac Road. He requested Council authorize the execution of the agreement.

Councilman Kennedy asked if the $42,000 incentive can be used at the City’s discretion. Mr. Mikkelson responded this is correct. Mr. Kennedy asked if the funds will be used for the Lincoln Park area. Mr. Mikkelson responded that Council has stipulated these funds be used for the Lincoln Park area, although the agreement does not point that out.

Mayor Pro Tem Blackwell asked if the application for the quiet zone will be submitted after the execution of the agreement. Mr. Mikkelson responded that it will. Ms. Blackwell asked if there is an estimate on the timeframe for the submission. Mr. Mikkelson responded there is no timeframe for the submission of the quiet zone application.

Ms. Blackwell indicated she noticed the agreement stipulates the City will maintain plantings in crosswalks, and asked if staff has devised a plan to maintain these plantings. Mr. Mikkelson indicated the design of the plantings will be prepared by NCDOT, and the City’s
Landscape Operations office will review the plan. He stated if the plan is approved, the maintenance of the plantings will be incorporated into the landscape work plan.

Councilman Woodson indicated citizens have expressed concern that this closure will make the Horah Street neighbors feel cut-off from the community.

Mayor Kluttz noted that there have been several neighborhood meetings regarding the closing over the last several years, and stated she applauds staff for asking for the $42,000 incentive. She added that when high-speed rail comes through Salisbury the crossing could have been closed with no incentive. She indicated it is inconvenient when a crossing is closed, regardless of the location.

Thereupon, Mr. Miller made a motion to authorize the Mayor and City Clerk to execute an agreement with the North Carolina Department of Transportation, Norfolk Southern Railway Company, and North Carolina Railroad Company regarding the closing of the Horah Street at-grade railroad crossing. Project Y-4809A. Mr. Kennedy seconded the motion. Messrs. Kennedy, Miller, Woodson, and Mses. Blackwell and Kluttz voted AYE. (5-0)

RESOLUTION – ESTABLISHING THE DIXONVILLE CEMETERY MEMORIAL – PROJECT SCOPE AND OUTLINE

Ms. Janet Gapen, Senior Planner, addressed Council regarding a Resolution of Legislative Intent establishing the Dixonville Cemetery Memorial Project Scope and Outline. Ms. Gapen stated the Dixonville Cemetery is one of the City’s oldest African-American cemeteries, and includes more than 450 documented burials, with the oldest known burial dated to 1851. She pointed out Council included the Dixonville Cemetery in its FY2010-2011 goals; specifically to establish a task force that would guide the process of developing a site plan for future improvements at the cemetery, and most importantly for the creation of a memorial to list the names of those buried.

Ms. Gapen noted Council officially appointed a task force June 15, 2010, and the task force has convened for one meeting. She indicated the next step is to adopt a Resolution of Legislative Intent to establish the purpose, goal and process for the project. She noted the task force has set its next meeting for Thursday, August 26, 2010 from 5:00 p.m. until 7:00 p.m. at First Calvary Baptist Church Fellowship Hall, 400 South Long Street. She pointed out the purpose of the meeting is to encourage citizens, particularly residents of the East End and Dixonville areas, to attend and participate in the process.

Mayor Kluttz stated this was set as a goal for the City because it is important for Salisbury. She indicated she feels there should be no unmarked graves in the City, and the people buried there should be honored. She pointed out it is important to hear from the community to make sure the history of the cemetery is included in the project.

Councilman Kennedy stated the cemetery has been improved and markers have been
placed as dedications, and this is the next step to continue improvements to the cemetery.

Thereupon, Mr. Woodson made a motion to adopt a Resolution of Legislative Intent establishing the Dixonville Cemetery Memorial – Project Scope and Outline. Ms. Blackwell seconded the motion. Councilman Miller asked when the Resolution of Legislative Intent is used. City Manager David Treme stated it is a policy document used by City Council, when a task force or committee is formed, to outline procedures in order to stay focused on the task that has been assigned. Messrs. Kennedy, Miller, Woodson, and Mses. Blackwell and Kluttz voted AYE. (5-0)

RESOLUTION SUPPORTING A SUSTAINABLE COMMUNITIES REGIONAL PLANNING GRANT BY CENTRALINA COUNCIL OF GOVERNMENTS

Mr. Doug Paris, Assistant to the City Manager, addressed Council regarding a Resolution to support a Sustainable Communities Regional Planning Grant by Centralina Council of Governments (COG). Mr. Paris indicated that over the last several years Council has directed staff to pursue Federal funding opportunities to help enhance the City, and during that time more than $4,000,000 has been received from grants.

Mr. Paris pointed out the applicant for the Sustainable Communities Regional Planning Grant is the COG, and the Resolution before Council, if adopted, will express Council’s support for COG’s application for United States Housing and Urban Development (HUD) funding. He stated if COG receives funding, it will allow them to fund a regional plan. He indicated that HUD, the United States Department of Transportation, and the Environmental Protection Agency have indicated that agencies with plans in place are better positioned to receive Federal funding in the future. Mr. Paris stated the values outlined in the planning grant align well with the City’s planning efforts regarding sustainability. He requested Council adopt the Resolution.

Thereupon, Ms. Blackwell made a motion to adopt a Resolution of the City of Salisbury in support of the Sustainable Communities Regional Planning Grant. Mr. Woodson seconded the motion. Messrs. Kennedy, Miller, Woodson, and Mses. Blackwell and Kluttz voted AYE. (5-0)

PUBLIC COMMENT

Mayor Kluttz opened the floor to receive public comment.

There being no one to address Council, Mayor Kluttz closed the public comment session.

COMMENTS FROM THE CITY MANAGER

(a) Temporary Street Closure

City Manager David Treme stated staff received a request for a temporary street closure for a community event from Outreach Christian Ministry. The request is to close the 700 block of West Horah Street Saturday, August 21, 2010 from 10:00 a.m. until 2:00 p.m. for the Community Day event.

Thereupon, Mr. Kennedy made a motion to close the 700 block of West Horah Street August 21, 2010 from 10:00 a.m. until 2:00 p.m. Mr. Woodson seconded the motion. Messrs. Kennedy, Miller, Woodson, and Mses. Blackwell and Kluttz voted AYE. (5-0)

(b) Update on Shober Bridge

City Manager David Treme stated that Shober Bridge has been an issue for the City for many years, but the City has had little success moving the issue forward. He indicated Council began to re-address the issue about a year ago, and during the process there have been numerous contacts with Norfolk Southern Railroad to achieve a consensus on how to proceed with the Shober Bridge. He expressed his frustrations that after all of this time, the issue has remained stagnant. He indicated from the City’s standpoint, there needs to be a bridge that can be designed to carry a fire truck, is cost effective, has no adverse financial impact for the City, and is eligible for replacement and maintenance funds from North Carolina Department of Transportation. He noted that despite staff’s best efforts the project has not moved forward, and there has been no response from Norfolk Southern Railroad regarding this issue.

Mayor Kluttz stated she is very frustrated and feels Council has been patient while Norfolk Southern Railroad remains unresponsive. She pointed out she appreciates all Mr. Dan Mikkelson, Engineering and Development Services Director, has done to obtain answers from Norfolk Southern Railroad. She indicated she thinks Council cannot continue to wait in regards to the future of the Shober Bridge, and recommended Council take a position that it wants to rehabilitate the Shober Bridge. She noted her recommendation for rehabilitation comes with the conditions that the bridge be able to hold a fire truck or any type of emergency vehicle, and the bridge must be able to qualify for outside funding at least equal to what it could be replaced for, including maintenance. Mayor Kluttz asked Council’s support to instruct staff to pursue funding for rehabilitation, and noted she will send a letter to Norfolk Southern Railroad indicating
Council has taken the position to rehabilitate the bridge, and allow Norfolk Southern Railroad 60 days to respond. She indicated the issue has been with a Council Committee, but when it came to Council from the Historic Salisbury Foundation, it brought the issue back to the entire Council.

Councilman Kennedy stated he supports rehabilitation, if it meets the two conditions noted by the Mayor.

Councilman Woodson indicated he can support the rehabilitation. He pointed out he has spoken to many people with a passion for the bridge, noting Shober Bridge is one of four to five humpback bridges remaining in North Carolina. He indicated he researched the Shober Bridge and feels the support beams are original, and the wood supporting the bridge appears to be approximately 100 years old. He stated he learned a lot about the bridge and respects those who have a passion for it. He pointed out he wants the bridge to be safe and cost effective, and he supports the Mayor’s recommendation.

Mayor Pro Tem Maggie Blackwell stated she supports the Mayor’s plan, and feels it is the right thing to do. She indicated Council should set its own timeframe rather than trying to be responsive to Norfolk Southern Railroad’s timeframe, because she feels Council has given them enough time.

Councilman Miller indicated Council has a fiduciary responsibility to manage the City’s finances, and he can support the rehabilitation with the condition that it be financially feasible. He thanked Mayor Kluttz for her work on this issue.

Thereupon, Ms. Blackwell made a motion to issue a letter to Norfolk Southern Railroad stating our position in favor of rehabilitating Shober Bridge, as long as we find that alternative to be financially responsible and provides safety to accommodate emergency vehicles, and to state our intent to move forward in 60 days. Mr. Miller seconded the motion. Messrs. Kennedy, Miller, Woodson, and Mses. Blackwell and Kluttz voted AYE. (5-0)
